MONAX for Venture Funds

Make your contracts work for you

Contract Obligations Management Software

Improved certainty
Increased compliance

Contracts

- Store digital records of contract terms, contract documents, accompanying data and events
- Understand actionable obligations across all parties and personnel

Command Center

- Connect your systems to contract milestones
- Monitor performance and receive notifications

Intelligence

- Prove compliance via blockchain-based immutable audit trails
- Create reports across your entire portfolio and contractual interaction history

How Monax Works

Digitized contract execution for digitally native funds

1 Record and manage contracts in one place

2 Orchestrate counterparty interactions and plug-in external systems

3 Prove compliant behavior based on tamper-resistant data
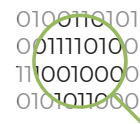

REPOSITORY

- Limited Partner Agreements
- Non-Disclosure Agreements
- Contractor Agreements
- Vendor Contracts

EXECUTION

- Workflows
- Automation
- Reminders
- Notifications

EVIDENCE

- Evidence log
- Compliance
- Disclosures
- Access controls and log
